## UNIQUE MODULARITY:

### Starfloor

Discover the Tarkett modular vinyl solutions of the Starfloor collection

> Starfloor, design your own floor!

The ultimate way to personalise your interior. Starfloor makes you the designer of your own floor by mixing and matching from a wide-ranging combination of planks and tiles decors.

Planks and tiles come in easy to carry boxes and with a self-adhesive backing that makes laying easy and intuitive. Each floor is 'made to measure' in design and dimension, so there is little waste. As all planks and tiles are highly resistant to stains and scratches there is minimal maintenance making Starfloor the ideal economic and ecological choice.

Starfloor is where simplicity meets creativity.

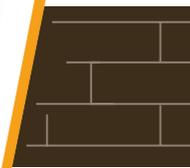

# Starfloor Vintage

Beauty bestowed by time in an instant, with a range of worn oak looks in natural tones.

A patina of weather and age that suggests tradition and craftsmanship, with a deeply embossed surface that adds realistic texture.

Comfortable underfoot and sound absorbent, Extreme Protection treatment provides a surface 7-times harder than ordinary vinyl.

# Starfloor facts

## LITTLE PREPARATION

What you will need:

A measuring tape, a metal ruler, a knife/cutter, a pencil (and a pad or cushion for your knees)

Before installation:

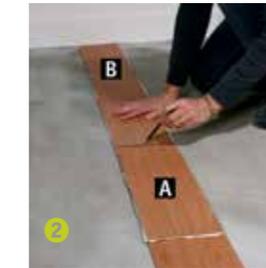

Ensure the surface is clean, flat, smooth and dry.

Store the boxes in the room for at least 24 hours before fitting.

## EASY INSTALLATION

Identify and mark the centre point of the room by drawing two perpendicular lines on the floor.

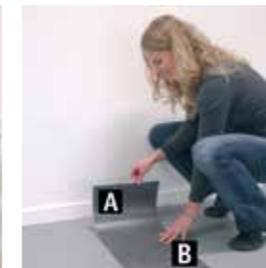

Install the first plank or tile from this central point towards the adjacent sides of the room.

At wall, draw and then cut the tile to the correct size.

Continue to install the remaining floor to ends of the room, taking care when cutting planks or tiles to fit along all walls.

# Starfloor Click facts

## Your satisfaction in one click!

How easy it is to install!

### STARFLOOR CLICK 30

- Strong connection system (robust click)
- Strong product thanks to its construction: 4mm thickness
- Strong product thanks to its wear layer: 0,3mm
- Class of use: Residential: 23 – Commercial: 31
- Guarantee: 15 years (in residential use)
- 2,009 m<sup>2</sup>/box
- Compatible with under floor heating\*\*

**15 YEARS GUARANTEE**

## ENJOY DURABILITY IN ONE CLICK

Starfloor Click is resistant to moisture, indentation and abrasion. Both Starfloor Click 30 and 50 are strong products and have a strong connection system thanks to their click design. Starfloor Click overall resistance is given by its construction while its wear layer ensures a great floor protection. Starfloor Click 50 is ideal for higher traffic areas (it's a class 32 product). Both offer a great durability. Starfloor Click 30 has a guarantee of 15 years and Starfloor Click 50 a guarantee of 20 years (in residential use).

### STARFLOOR CLICK 50

- Strong connection system (encliquetage robuste)
- Best in class indentation resistance thanks to its construction: 5mm thickness
- Upgraded wear, scuff and scratch protection, thanks to its wear layer: 0,5mm
- Class of use: Residential: 23 – Commercial : 32
- Guarantee : 20 years (in residential use)
- Planks: 1,708 m<sup>2</sup>/box  
Tiles: 1,682 m<sup>2</sup>/box
- Compatible with under floor heating\*\*

**20 YEARS GUARANTEE**

## INSTALL IN ONE CLICK

**1** Store the boxes flat ≥ 24h - ≥ 15°C.

**2** Check your tools

**3** Easy to lock planks together!

**4** Easy to cut

\*\* Please refer to our installation instructions for more details
